Resilience -

Skills are

need to be done in the workplace, offer staggered start and finish times, more flexible scheduling, and understand the priorities people have to balance in order to get their work done. Feelings of isolation, stress, fear and anxiety will be a COVID-19 legacy, and so too will be our reflections on

Companies need to build trust, listen to people, and respond to their needs and help workers prioritize and recharge. The initial adrenalin of workers needs to shift to resilience for the long term and employers must lead this charge. When stress is on the rise and the number one concern on the minds of many workers is losing their jobs, strong remote leadership, transparent frequent communication, and a culture that is fit for the hybrid work /home workplace and accessible wellbeing support is key.
